

Dear Family and Friends,

Almost every year we at Quattro® Extra Virgin Olive Oil have a tale to tell regarding the wickedness of Mother Nature. In past years, Mom has brought unseasonable wind, rain, heat and cold. The last few years as we all know the drought has been the big problem. Although the drought is severe we did receive more rain than last year and fortunately it arrived at a good time. Mom has programmed her olive trees to stay healthy in the bad years and spring to life forcefully in a better year. It is way too early to thank her, but the olive crop looks really good so far. The olives are gorgeous and we are expecting an early harvest if the warm weather patterns continue.

We were saddened last year because Mom kept us from sending you our *olio nuovo*. This year we are ever hopeful that we can fill everyone's orders. We will keep you updated as we get closer to harvest time. If you're not on our mailing list, please contact us at the email address below.

Best wishes,

Raleigh and Burt
